## CANTATA WILL BE SUNG AT THIRD STREET M. E. CHURCH

Methodist Church Is Making Extensive Plans For Christmas Celebration—Sunday School Also to Celebrate.

Extensive plans are being made at the Third Street M. E. Church for the celebration of Christmas. The big event will be the singing of the cantata "The Salvation of Israel" by Ira B. Wilson, on the Sunday evening before Christmas. The largest chorus ever gotten together in this church will sing the cantata. The choir and church are to be especially favored this year with the assistance of Miss Violet Wright a soloist of reputation from Ceredo, West Virginia. Miss Wright will sing several solos in addition to helping the chorus work. The choir is working hard and expect to give the best music they have ever given. At the proper time a full program will be given the press.

The Sunday School will entertain on Christmas Eve with a miscellaneous program, each class being responsible for one or more numbers on the program, and all to be kept secret until the time for giving the program.

At the close of the program the school will be shown Santa Claus in all his glory. It will be one big happy event for the little ones to look forward to.

## FIRST WEEK OF THE TOBACCO MARKET CLOSES; PRICES HIGH

In a Price Range of From \$4 to \$99 Per Hundred Growers Receive Very High Crop Averages—Small Amount Offered.

The first week of the Maysville Tobacco Market for this season closed today with a very small amount of tobacco on the floors of the local warehouses but with the usual interest manifest among the buyers who seemed very anxious to get what little of the weed was being offered.

Baskets sold as high as \$99 per hundred pounds and as low as \$4 per hundred. The quality of the offerings was not what could be called real good tobacco and yet the growers received fine crop averages, much better than last year. ## MASON COUNTY COLORED WOMAN KILLED IN CHICAGO

Mary Reese, Formerly of This County, Is Murdered in Windy City According to Telegram Received Here Today.

Sheriff Charles Galbreath received a telegram this morning from the Chief of Detectives at Chicago asking him to advise John H. Williams, colored, of this county, that his sister, Mary Reese, was murdered in that city last night.

No particulars were given in the telegram and the Sheriff immediately notified Williams, who lives on the John Steers farm in the Lewisburg neighborhood. Williams came to Maysville this afternoon and made all arrangements to have his sister's body shipped here for burial.

The murdered woman lived in Mason county for many years but she has been a resident of Chicago for some time.

## DR. GARFIELD QUILTS AS FUEL ADMINISTRATOR

Fuel Administrator Harry A. Garfield's resignation last night was in the hands of President Wilson, given because he disagreed on principles with the coal strike settlement proposal arranged by the Government and the mine workers' union.

Dr. Garfield himself refused last night to confirm, deny or discuss the report, but at the White House it was said that a personal letter from him had been transmitted to the President late this afternoon.

Men close to the Fuel Administrator understand that he believes that the work of the commission authorized the settlement to be made up of one coal mine operator, a coal miner and a third person named to represent the public will result in an increase in the price of coal to the consuming public.

**WELCOME, TOBACCO MEN!**  
To our tobacco friends and customers who have returned to our city for the winter, we extend a hearty welcome, and will be pleased to have you make our store your winter place while here.  
Respectfully,  
D. HECHINGER & CO.

## FAMOUS OLD THEATER IN WASHINGTON BURNS

Lyceum Theater Famous Before the Civil War, Burns Imperiling Many Lives.

Washington, December 12.—The Lyceum theater, known before the Civil War as the Washington Assembly Hall, which for nearly a century has played a part in the social life of the capital and in which five Presidents held inaugural balls, is in ruins today. Fire, which started about midnight from a lighted cigarette thrown into a crowded gallery, and which imperiled the lives of over 2,000 persons, caused a loss of about \$75,000, it was estimated today, by the management.

Harvey's restaurant, another establishment famous for its gathering of notables before the civil war, which adjoins the Lyceum at the corner of Pennsylvania avenue and Eleventh street, and which was threatened by the flames, was only slightly damaged. Midnight diners were forced to flee.

## BARECAT'S COMING BACK! A GOOD PROGRAM AT THE PASTIME NEXT WEEK

Manager Triebel of the Pastime has been successful in securing "When Barecat Went Dry" for a return engagement at the Pastime on Monday, December 15. This should be good news to the many hundreds of people who "couldn't get in to see Barecat" when it was recently shown at this theater. This time, popular prices will prevail and everyone will be given an opportunity to see this thrilling story of old Kentucky. Other special feature pictures to be shown during the week are as follows: Tuesday, Madeline Travers in "The Snare of Paris." Wednesday, Ben Wilson and Rosemary Theby in "When a Woman Strikes." Thursday, Sessie Hawkins in "The Man Beneath." Friday, "The Great Gamble," a Keystone comedy and Pathe News. Saturday, Pete Morrison in "Dynamite," Billy West and New Screen Magazine.

## STATE BOARD RESIGNS IN BODY

Frankfort, Ky., December 12.—When Governor Morrow Thursday informed the State Board of Control of Penal Charitable Institutions, that Chairman Henry B. Hines, of Bowling Green, and Thomas Hatcher, of Pikeville, must resign as members of the board else he would remove them on the charge of political activity, the board resigned in a body. George Caywood, Secretary of the board, will have charge of the work until the new members qualify.

## KENTUCKY BOY MISSING

Lexington, Ky., December 12.—Searchers have found no trace of Edward Mayes, eight-year-old son of Mr. and Mrs. William Mayes, missing from his home near South Elkhorn since Sunday afternoon, when he was last seen playing along Elkhorn Creek, on the bank of which were found his gloves. The father has offered a reward of \$1,000 for the return of his son alive.

## OFFICERS ELECTION OF DEVELOPMENT CO. MONDAY EVENING

Subscription to Stock Continues and Committee on Charter Is Now Ready to Make Full Report—General Meeting on Monday.

There are already more than 150 subscribers to the Maysville Development Company. These stockholders will meet next Monday night at 7:30 at the Court House to elect a Board of Directors and perfect the organization. The committee in charge of drafting the incorporation papers, by-laws, etc., have completed their work, and will make a report at the meeting.

Several subscriptions for ten and twenty dollars came in yesterday, with some as high as five hundred. People are gradually beginning to realize that this project was started by the Chamber of Commerce for the benefit of all, and that it will be a direct benefit to each and every one that lives in Maysville or Mason county. One man said that his ten dollar subscription was not much, but that he felt it would mean better wages for him later and he wanted to help as he was able, and that it seemed to him that any one in business in Maysville would be anxious to help make the Maysville Development Company a success.

The success of the new company is assured as far as the amount of the subscriptions is concerned. There are many who have not subscribed but by Monday night it is expected that they will begin to see that if they are not interested in the company it will appear that they are not especially in the future of their own home town.

Don't wait for some one to ask you to subscribe. One lady asked for a card to be sent her, and said that she did not wish to have her name missing from the list of those who were helping to make Maysville a bigger and more prosperous city.

No subscriber should allow anything to keep him from the election Monday night. See that a capable Board is selected.

## IMPOSSIBLE TO RE-STORE L. & N. TRAINS AT THE PRESENT

Federal Manager of the L. & N. Railroad Wires in Answer to Mayor Russell Promising Relief as Soon as Possible.

There is no chance for the officials of the L. & N. railroad company to restore trains 9 and 10 immediately as had been hoped by the local officials and business men but both Mayor Russell and the Chamber of Commerce have been promised by the officials that as soon as possible these trains will be restored.

The Chamber of Commerce wired their complaint to District Agent Bush who referred the telegram to General Agent Pusey and that official wired the Chamber of Commerce assuring them that it would be impossible at the present time to restore the trains or to substitute them for the other trains on the road. He promised, however, that it would not be long before the situation would be such that all trains could be restored.

Mayor Russell wired Mr. W. L. Mapother, Federal Manager of the L. & N. and has just received this telegram which was written in the best of spirit:

Louisville, Ky., Dec. 11, 1919.  
Thomas M. Russell, Mayor,  
Maysville, Ky.

Your wire date. Greatly regret the necessity for curtailment of passenger train service as you know action taken purely as temporary expedient. Trains 9 and 10 are annulled in order to effect reduction in train mileage and trains 16 and 17 were continued as our cords show latter train serve the greatest number of patrons taking the situation as a whole. Regret impossible to comply with your request but you may rely upon our assurance that the service will be promptly restored as soon as conditions permit.  
W. L. MAPOTHER.

### WORDS FROM HOME

Statements That May Be Investigated. Testimony of Maysville Citizens.

When a Maysville citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Maysville resident. No stronger proof of merit can be had.

George H. King, prop., grocery 615 E. Second St., says: "I have used Doan's Kidney Pills off and on for several years, getting them at Chanslor's Drug Store and I have been greatly benefited by them. Sometimes the kidney secretions have been irregular in passage. I have suffered severely with aches through the small of my back. When I have been in that way, I have used a box or two of Doan's Kidney Pills. They have never failed to cure the attack in quick order."

Cabrera is personally known in Washington, having served as chairman of the Mexican delegation on the joint commission named in 1916 to adjust differences between the United States and Mexico. For nearly twenty years he has been a major figure in the ranks of Mexican progressives and is credited with abilities of a high order. Officially, he has been confined, under the Carranza Administration, to administration of the Treasury; but practically, he is said to wield a potent influence in shaping the Carranza policies with regards to both the internal and external affairs of the republic.

## EDISON'S NEW DIAMOND AMBEROLA

Come to our store today, tomorrow—the sooner the better—pick out the Amberola model you like best (prices, \$41.00 up) together with a generous selection of records, and

### Name Your Own Terms

Tell us how much or how little you can afford to pay every week or month. We will meet you more than half way in coming to a satisfactory arrangement because we are eager to carry out the spirit of Mr. Edison's wish—which is in effect that money must not stand in the way of any family possessing a phonograph this Christmas. Then, upon a small payment down, we will immediately deliver your Amberola and records to your home, where this wonderful phonograph will fill your Christmas with music and your family with delight.

### The Amberola is Supreme

Back of the Amberola is all the wizardry of Thomas A. Edison, the world's greatest inventor. No wonder the Amberola tone is pure melody—free from the metallic sound and shrillness of ordinary phonographs and "talking machines". No wonder the genuine Diamond Point Reproducer has solved another phonograph nuisance—the bother and expense of changing needles. No wonder the Amberola Records are almost unbreakable, and last for years after ordinary phonograph records have broken or worn out.

All the world's best music is yours on Amberola Records—the greatest opera singers, the latest popular dance and song hits, ballads, hymns, military bands—in endless variety. New records issued every month.

### Don't Hesitate A Minute

to accept this offer because Christmas giving will tax your resources—remember Edison wants you to have an Amberola. Please don't delay—our stock of Amberolas may soon be exhausted. We will consider it a favor if you will come in to see us right away.

### EDITOR AND COUNTY ENGINEER IN RUMPS

The Vanceburg Sun says: One night last week when the editor was in T. G. Ingram's store, Ivan Sanders came in and at once started an argument about recent matters that were treated in the Sun. It wasn't long until he started a rough house, but before any damage was done to either or to Tom's store, several non-combatants interfered and the affair ended without any visible marks of displeasure. Mr. Sanders appeared before Police Judge Bertram next day and was fined and costed \$5.

### MAN WAS NOT INSANE

The Vanceburg Sun says: Jack O'Dair, aged about 80 years, was brought here from Martin Friday by parties claiming he was of unsound mind. He was placed in jail and a doctor called who pronounced him of sound mind and only suffering from the peculiarities of old age. Nothing further was done in his case, we learn, until Sheriff Bertram volunteered Monday to take him back to some of his relatives in the county who would keep him for his pension.

It was a hard situation for one who had been a defender of his country to be confined in so mean a place when nothing serious was ailing him. The infirmary would have been the place to have held him after his examination.

### PLEASED WITH OUR BAND

The Kentucky State Journal of Frankfort, has this to say of our Boys' Band:

One of the best bands that attended the inauguration was the Maysville Boys' Band, consisting of 36 pieces, under the leadership of Dr. P. G. Smoot. It was organized and began practice March 1, of this year, and made splendid music, even the most difficult pieces were given easily and correctly, and aroused great enthusiasm. There were three little girls and five tiny boys, who held their own with the best. The band visited The State Journal building yesterday afternoon and played several pieces much to the delight of the assembled crowd. J. Barbour Russell is manager of the aggregation and takes justifiable pride in his proteges. A number of Maysville people accompanied the band in its rounds, among them Mayor Russell, who is a brother of the band manager. The boys and girls wore ribbons reading, "Glad to See You. Maysville Boys' Band."
